Natural materials	100% fully natural mattress	100% fully natural mattress	Partially natural, eco-sustainable mattress	Partially natural, eco-sustainable mattress

Although the Kamaboo mattress is made from natural materials selected for their breathable and dust-mite-resistant properties, the complete absence of allergic reactions cannot be guaranteed. Response may vary depending on individual sensitivity. The information provided about the product's properties does not constitute medical advice and does not guarantee the elimination of allergies or adverse reactions. Susceptibility to allergic reactions depends on individual and environmental factors. Consulting a healthcare professional is recommended in the case of a history of latex allergy.
